About Osmotica Pharmaceuticals plc

Osmotica Pharmaceuticals plc is a fully integrated biopharmaceutical company focused on the development and commercialization of specialty products that target markets with underserved patient populations. Our diversified product portfolio in the specialty neurology and women's health therapeutic areas, together with our non-promoted complex formulations of generic drugs, form the foundation of our unwavering commitment to improve patients' lives.

Osmotica has a late-stage development pipeline highlighted by two NDA candidates that recently completed Phase III clinical trials: arbaclofen ER for spasticity in multiple sclerosis patients and RVL-1201 for the treatment of acquired blepharoptosis, or droopy eyelid.

Osmotica has operations in the United States, Argentina, and Hungary.
