PROPOSAL 1
ELECTION OF DIRECTORS

Osmotica has a board of directors currently consisting of eight directors with terms expiring at the Annual Meeting.

At each annual general meeting of shareholders, directors are elected for a term of one year extending until the next annual general meeting and until their successors are duly elected and qualified. The persons named in the enclosed proxy will vote to elect Brian Markison, Joachim Benes, David Burgstahler, Gregory L. Cowan, Michael DeBiasi, Sriram Venkataraman, Juan Vergez and Fred Weiss as directors unless the proxy is marked otherwise. Each of the nominees has indicated his willingness to serve, if elected. However, if a nominee should be unable to serve, the ordinary shares represented by proxies may be voted for a substitute nominee designated by the board of directors. Management has no reason to believe that any of the above-mentioned persons will be unable to serve if elected.

We seek nominees who possess the highest personal and professional ethics, integrity and values and are committed to representing the long-term interests of the Company's shareholders. Nominees should possess the requisite ability, judgment and experience to oversee the Company's business, and should contribute to the overall diversity of the board of directors. Accordingly, the board of directors considers the qualifications of nominees individually and in the broader context of its overall composition and the Company's current and future needs. Unless otherwise permitted by applicable phase-in rules and exemptions, nominees are selected such that the composition of the board of directors adheres to the standards of independence promulgated by the Nasdaq Stock Market. Our nominees hold or have held senior executive positions and in these positions have also gained experience in core management skills and substantive areas relevant to our business. Our nominees also have experience serving on boards of directors and board committees of other companies, including public companies in some instances, and each of our nominees has an understanding of corporate governance practices and trends.

In addition, each of our nominees has prior service on our board of directors, which has provided them with significant exposure to both our business and the industry in which we compete. We believe that each of our nominees possess the professional and personal qualifications necessary for board service, and we have highlighted particularly noteworthy attributes for each director in the individual biographies below.

Our Board's Role in Risk Oversight

It is management's responsibility to manage risk and bring to the board of directors' attention risks that are material to Osmotica. The board of directors has oversight responsibility for the systems established to report and monitor the most significant risks applicable to Osmotica. The board of directors believes that evaluating the executive team's management of the various risks confronting Osmotica is one of its most important areas of oversight.

In accordance with this responsibility, the board of directors administers its risk oversight role both directly and through its committee structure and the committees' regular reports at board meetings. The board of directors reviews strategic, financial and execution risks and exposures associated with the annual plan and multi-year plans, cybersecurity, major litigation and other matters that may present material risks to the Company's operations, plans or prospects or to the Company's reputation, acquisitions and divestitures and senior management succession planning. The audit committee reviews risks associated with financial and accounting matters, including financial reporting, accounting, disclosure, internal controls over financial reporting, ethics and compliance programs, regulatory compliance and compliance with orders and data security. The compensation committee reviews risks related to executive compensation and the design of compensation programs, plans and arrangements and has determined that the risks arising from our compensation practices are not reasonably likely to have a material adverse effect on the Company.

Corporate Governance

Board Independence. The board of directors evaluates any relationships of each director and nominee with Osmotica and makes an affirmative determination whether or not such director or nominee is independent. Under our Corporate Governance Guidelines, an "independent" director is one who meets the qualification requirements for being an independent director under applicable laws and the corporate governance listing standards of the Nasdaq Stock Market. Our board of directors reviews any transactions and relationships between each non-management director or any member of his or her immediate family and Osmotica. The purpose of this review is to determine whether there were any such relationships or transactions and, if so, whether they were inconsistent with a determination that the director was independent. As a result of this review, our board unanimously determined that Mr. Cowan, Mr. DeBiasi and Mr. Weiss are independent under the governance and listing standards of the Nasdaq Stock Market. We currently avail ourselves of the "controlled company" exception under the Nasdaq Stock Market rules and do not have a majority of independent directors as defined under the Nasdaq Stock Market rules.

Board Expertise and Diversity. We seek a board of directors that represents diversity as to experience, gender and ethnicity/race, but we do not have a formal policy with respect to diversity. We also seek a board of directors that reflects a range of talents, ages, skills, viewpoints, professional experience, educational background and expertise to provide sound and prudent guidance with respect to our operations and interests. All of our directors are financially literate, and two members of our audit committee are audit committee financial experts.

Board Annual Performance Reviews. Our Corporate Governance Guidelines provide that the nominating and corporate governance committee is responsible for developing, subject to approval by the board of directors, a process for an annual evaluation of the board of directors and its committees, overseeing such evaluations and reporting the results to the board of directors. If the nominating and corporate governance committee so desires, it may be assisted by an outside consultant in developing such annual evaluation processes. In addition, the written charters of the audit committee, nominating and corporate governance committee and the compensation committee provide that each such committee shall evaluate its performance on an annual basis using criteria that it has developed and shall report to the board of directors on its findings.

Board Nominees. Under its charter, our nominating and corporate governance committee is responsible for recommending candidates to stand for election to the board of directors at the Company's annual general meeting of shareholders and for recommending candidates to fill vacancies on the board of directors that may occur between annual general meetings of shareholders. The Corporate Governance Guidelines provide that director nominees should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company. Board members are expected to become and remain informed about the Company, its business and its industry and rigorously prepare for, attend and participate in all board of directors and applicable committee meetings. The committee evaluates each individual in the context of the board of directors as a whole, with the objective of recommending a group that can best perpetuate the success of our business and represent shareholder interests through the exercise of sound judgment using its diversity of experience. In addition, the committee considers, in light of our business, each director nominee's experience, qualifications, attributes and skills that are identified in the biographical information contained under "Proposal 1- Election of Directors."

The nominating and corporate governance committee considers properly submitted recommendations for candidates to the board of directors from shareholders. Any shareholder may submit in writing a candidate for consideration for each annual general meeting of shareholders at which directors are to be elected by not more than 120 calendar days nor less than 90 calendar days before the first anniversary of the date that we released our proxy statement to shareholders in connection with the previous year's annual general meeting. Any shareholder recommendations for consideration by the nominating and corporate governance committee should set forth as to each candidate (i) all information relating to such person that is required to be disclosed in solicitations for proxies for election of directors, or is otherwise required pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected), and, as to such shareholder submitting the nomination, (ii) all information required pursuant to Article 90.4 of our Articles of Association,

including, but not limited to, the name and address of such shareholder and the number of ordinary shares owned by such shareholder. The shareholder should also be willing to provide such other information as the nominating and corporate governance committee may reasonably request. Recommendations should be sent to Christopher Klein, Secretary, Osmotica Pharmaceuticals plc, 400 Crossing Boulevard, Bridgewater, NJ 08807. The nominating and corporate governance committee evaluates candidates for the position of director recommended by shareholders or others in the same manner as candidates from other sources. The nominating and corporate governance committee will determine whether to interview any candidates and may seek additional information about candidates from third-party sources.

Board Leadership Structure. Under our Corporate Governance Guidelines, our board of directors may select a chairperson of the board of directors at any time, who may also be an executive officer of the Company. In 2016, the board of directors appointed Brian Markison as Chief Executive Officer and chairman of the board of directors. Mr. Markison also has significant prior experience with international pharmaceutical companies. Given Mr. Markison's extensive experience and deep knowledge of the Company and our industry, the board of directors believes that combining the chairman and Chief Executive Officer positions is currently the most effective leadership structure for Osmotica. As Chief Executive Officer, Mr. Markison is intimately involved in the day-to-day operations of the Company and is best positioned to lead the board of directors in setting the strategic focus and direction for the Company. The board of directors believes that the combination of the chairman and Chief Executive Officer roles, as well as the exercise of key board of directors' oversight responsibilities by independent directors, provides an effective balance for the management of the Company in the best interest of our shareholders.

Policies Relating to Directors. We require directors who are also employees of the Company to offer to tender their resignation from the board of directors at the same time they cease to be employed by the Company and/or its subsidiaries for any reason. At this time, the Company has not adopted a mandatory retirement age for directors. We expect each of our directors to attend each annual general meeting of shareholders, and in 2019, all of our directors attended.

Code of Business Conduct and Ethics. We have adopted a written Code of Business Conduct and Ethics that applies to our directors, officers and employees, including our executive officers, and is designed to ensure that our business is conducted with integrity. Among other matters, the Code of Business Conduct and Ethics covers professional conduct, conflicts of interest, intellectual property and the protection of confidential information, as well as adherence to laws and regulations applicable to the conduct of our business. A copy of the Code of Business Conduct and Ethics is posted on our website, which is located at <https://ir.osmotica.com/corporate-governance>. We intend to disclose any future amendments to, or waivers from, the Code of Business Conduct and Ethics within four business days of the waiver or amendment through a website posting or by the filing of a Current Report on Form 8-K with the SEC.

Communications with Directors. Shareholders and other interested parties may communicate directly with the board of directors or the independent directors as a group, or specified individual directors by writing to such individual or group c/o Office of the Secretary, Osmotica Pharmaceuticals plc, 400 Crossing Boulevard, Bridgewater, NJ 08807. The Secretary will

forward such communications to the relevant group or individual at or prior to the next meeting of the board of directors.

Online Availability of Information. The current versions of our Code of Business Conduct and Ethics, Corporate Governance Guidelines, Compliance Program Overview and the charters for our audit, compensation and nominating and corporate governance committees are available on our website at: <https://ir.osmotica.com/corporate-governance>.

Transactions with Related Persons

The board of directors has adopted a related party transactions policy that governs the review and approval of related party transactions. Pursuant to this policy, if the Company wants to enter into a transaction with a related party or an affiliate of a related party, the audit committee will review the proposed transaction to determine, based on applicable rules of the Nasdaq Stock Market and the SEC, whether such transaction requires pre-approval by the audit committee or the board of directors. If pre-approval is required, the proposed transaction will be reviewed at the next regular or special meeting of the audit committee or the board of directors, as applicable. The Company may not enter into a related party transaction unless the audit committee has specifically confirmed in writing that either no further reviews are necessary or that all requisite corporate reviews have been obtained.

In the course of reviewing potential related person transactions, the board of directors considers the nature of the related person's interest in the transaction; the presence of standard prices, rates or charges or terms otherwise consistent with arms-length dealings with unrelated third parties; the materiality of the transaction to each party; the reasons for Osmotica entering into the transaction with the related person; the potential effect of the transaction on the status of a director as an independent, outside or disinterested director or committee member; and any other factors the board of directors may deem relevant. Our General Counsel is primarily responsible for the implementation of processes and procedures for screening potential transactions and providing information to the board of directors.

On October 17, 2018, in connection with our initial public offering ("IPO"), we entered into a shareholders' agreement with certain affiliates of Avista and Altchem (each, a "Sponsor"). The shareholders' agreement provides, among other things, that:

- for so long as Avista or Altchem, as applicable, owns at least 20% of our issued and outstanding ordinary shares, such Sponsor will be entitled to designate two individuals for nomination to serve on our board of directors; and
- when Avista or Altchem, as applicable, own less than 20% but at least 10% of our issued and outstanding ordinary shares, such Sponsor will be entitled to designate one individual for nomination.

Avista has designated David Burgstahler and Sriram Venkataraman as its nominees, and Altchem has designated Joachim Benes and Juan Vergez as its nominees. We are required to take all necessary actions to maintain the composition of our board of directors as set forth above. Pursuant to the terms of the shareholders' agreement and in proportion to the aforementioned board nomination rights, Avista and Altchem also have the right to designate members of our audit and compensation committees.

In addition, pursuant to the shareholders' agreement, Avista and Altchem have the right to demand that we register any ordinary shares held by them, subject to certain terms and conditions, including a minimum expected aggregate gross proceeds of \$25.0 million. Avista and Altchem have the right, which they exercised in January 2020, to require us to file a registration statement on Form S-3. Accordingly, we filed a registration statement on Form S-3 in January 2020 to register for resale the shares held by Avista, Altchem and certain of their respective affiliates. Avista and Altchem also have piggyback registration rights, such that, if we propose to register any of our shares, we are generally required to include shares that Avista and Altchem request to be included in such registration statement. We will be responsible for all registration expenses, other than underwriting discounts which will be borne by Avista or Altchem on a *pro rata* basis.

Overview

Our executive compensation program is designed to attract, retain and reward key employees, to incentivize them based on the achievement of key performance goals, and to align their interests with the interests of our shareholders. Our Chief Executive Officer makes recommendations to our compensation committee about the compensation of his direct reports, and our compensation committee is responsible for determining the compensation of our executive officers, other than our Chief Executive Officer. Our compensation committee makes recommendations with respect to our Chief Executive Officer's compensation to our board of directors.

In 2019, our compensation committee engaged Pearl Meyer & Partners, LLC, or Pearl Meyer, an independent compensation consulting firm, to assist in evaluating the company's executive and director compensation practices, including program design, identification of an appropriate peer group for compensation comparison purposes and providing pay benchmarking data. Prior to engaging Pearl Meyer, our compensation committee assessed the independence of Pearl Meyer from management and, on the basis of that assessment and taking into consideration the independence factors that are required to be considered under applicable stock exchange rules, satisfied itself that no relationships exist that would create a conflict of interest or that would compromise Pearl Meyer's independence.

2019 Base Salary and Annual Bonus

The employment agreement with each named executive officer, described below, established a base salary for such officer, which is subject to discretionary increase. Each of our named executive officers is paid a base salary reflecting his or her skill set, experience, performance, role and responsibilities. In 2019, our compensation committee reviewed market data and determined that the base salaries of our named executive officers were below market median and

approved increases to their base salaries to bring them closer to market median. Effective April 1, 2019, each of our named executive officers received an increase in base salary as follows:

Name	Base salary prior to April 1, 2019	Base salary effective April 1, 2019	% increase	Notes
Brian Markison	\$ 650,000	\$ 690,000	6.2%	Reflects merit increase, market adjustment and fees for service on our board of directors
James Schaub	\$ 400,000	\$ 430,000	7.5%	Reflects merit increase and market adjustment
Tina deVries, Ph.D.	\$ 400,000	\$ 420,000	5.0%	Reflects merit increase and market adjustment
Christopher Klein	\$ 400,000	\$ 420,000	5.0%	Reflects merit increase and market adjustment

As described below, each named executive officer has a target annual bonus opportunity based on his or her base salary earned with respect to the applicable year, as set forth in his or her employment agreement. Each named executive officer's target annual bonus for 2019, as a percentage of base salary, is: Mr. Markison, 100%; Mr. Schaub, 50%; Dr. deVries, 50%; and Mr. Klein, 50%. Annual bonuses for 2019 were awarded under the Cash Incentive Plan, based on the achievement of pre-established corporate EBITDA and Cash Flow from Operations goals as well as individual objectives. For 2019, both EBITDA and Cash Flow from Operations results (weighted at 50% and 25%, respectively) exceeded our stretch goal and, as a result, each named executive officer earned 150% of his or her target bonus attributable to those goals. After taking into account the level of attainment of individual performance goals (weighted at 25%), each named executive officer received an annual bonus as follows: Mr. Markison, \$892,680; Mr. Schaub, \$264,127; Dr. deVries, \$285,360; and Mr. Klein, \$285,360.

Termination of Employment by Reason of Death or Disability. If Mr. Markison's employment is terminated by reason of his death or permanent disability, he will be entitled to receive (i) a pro rata annual bonus for the year of termination, based on actual performance and paid at the same time annual bonuses are paid to employees generally, and (ii) a lump sum amount equal to any earned, but unpaid, annual bonus for the year prior to the year of termination.

Pursuant to our employment agreement with each of Mr. Schaub and Mr. Klein, if the executive's employment is terminated by reason of his death or disability, he will be entitled to receive (i) a lump sum amount equal to any earned, but unpaid, annual bonus for the year prior to the year of termination, paid at the same time annual bonuses are paid to employees generally, and (ii) a pro rata annual bonus for the year of termination, based on actual performance and paid at the same time annual bonuses are paid to employees generally.

If Dr. deVries' employment is terminated by reason of her death or disability, she will be entitled to receive a lump sum amount equal to any earned, but unpaid, annual bonus for the year prior to the year of termination, and, if she elects to receive COBRA health care continuation coverage, we will pay her monthly COBRA premiums for up to 12 months following the date of termination.

Termination of Employment Without Cause or for Good Reason Following a Change in Control. If Mr. Markison's employment is terminated by us without cause or by him for good reason, in either case, within 12 months following a change in control, in lieu of the benefits described above, Mr. Markison will be entitled to receive (i) a lump sum amount equal to the greater of his annual base salary on the date of termination or the day immediately prior to the change in control, (ii) a lump sum amount equal to the greater of his target annual bonus for the year of termination or for the year in which the change in control occurs and (iii) a lump sum amount equal to any earned, but unpaid, annual bonus for the year prior to the year of termination. In addition, if Mr. Markison elects to receive COBRA health care continuation coverage, we will pay a portion of his monthly COBRA premiums for 24 months following the date of termination in an amount equal to the employer portion of applicable group medical and dental premiums as in effect on the date of termination.

None of Mr. Schaub, Dr. deVries or Mr. Klein is entitled to any enhanced severance benefits in connection with a termination of the executive's employment by us without cause or by the executive for good reason following a change in control.

Severance Subject to Release of Claims. Our obligation to provide an executive with severance payments and other benefits under the executive's employment agreement is conditioned on the executive signing (and not subsequently revoking) an effective release of claims in favor of us.

Equity-Based Compensation

On February 25, 2019, Mr. Markison received a grant of 387,991 restricted stock units under the Osmotica Pharmaceuticals plc 2018 Incentive Plan, or the 2018 Plan. The restricted stock units vest in full on the fifth anniversary of the grant date, generally subject to Mr. Markison's continued employment on the vesting date. If Mr. Markison's employment is terminated by us without cause or by Mr. Markison for good reason (each as defined in his employment agreement) prior to the fifth anniversary of the grant date, a prorated portion of the restricted stock units will vest based on the number of months during which Mr. Markison was employed following the grant date. In connection with a change in control, the restricted stock units will become fully vested if they are not assumed or substituted for by the acquirer or if Mr. Markison's employment is terminated by us without cause or by Mr. Markison for good reason, in either case on or within 18 months following the change in control.

On January 24, 2019, each of Messrs. Schaub and Klein and Dr. deVries received a grant of 104,849 restricted stock units under the 2018 Plan. The restricted stock units vest in equal annual installments on each of the first four anniversaries of the grant date, generally subject to the named executive officer's continued employment on each applicable vesting date. In connection with a change in control, the restricted stock units will become fully vested if they are not assumed or substituted for by the acquirer or if the named executive officer's employment is terminated by us without cause or by the named executive officer for good reason (each as defined in the named executive officer's employment agreement), in either case on or within 18 months following the change in control.

Prior to our initial public offering, in 2016, our named executive officers were granted options to purchase common units of Osmotica Holdings S.C.Sp. under the Osmotica Holdings S.C.Sp. 2016 Equity Incentive Plan (renamed the Amended and Restated Osmotica Pharmaceuticals plc 2016 Equity Incentive Plan in connection with a reorganization that was undertaken prior to our initial public offering). Fifty percent of each option grant vested in equal installments on each of the first four anniversaries of the option's vesting commencement date, generally subject to the named executive officer's continued employment on each applicable vesting date, and the remaining fifty percent vested based on the achievement of specified performance metrics. In connection with the reorganization that was undertaken prior to our initial public offering, these options were converted to options to purchase our ordinary shares, on the same basis as common units of Osmotica Holdings S.C.Sp. were converted into our ordinary shares, with corresponding adjustments to the exercise price of the options. In connection with the conversion, the options that had been subject solely to time-based vesting continued to vest as described above and the options that had been subject to performance-based vesting were converted into options that vest

solely based on the passage of time, with these converted options vesting in equal annual installments on each of the first four anniversaries of October 18, 2018, generally subject to the named executive officer's continued employment on each applicable vesting date.

Employee Benefits Plans

We currently provide broad-based health and welfare benefits that are available to all of our employees, including our named executive officers, including medical, dental, vision, life and disability insurance. In addition, we maintain a 401(k) plan, under which eligible employees may elect to defer their current eligible compensation, subject to the limits imposed by the Internal Revenue Code. The 401(k) plan also provides that we will make company matching contributions equal to 100% of each employee's elective deferrals up to 3% of base salary, plus 50% of each employee's elective deferrals between 3% and 5% of base salary. Other than the 401(k) plan, we do not provide any qualified or non-qualified retirement or deferred compensation benefits to our employees, including our named executive officers.

Payments on Termination of Employment or Change in Control

Each of our named executive officers is a party to an employment agreement with us that provides for certain payments and benefits in connection with a qualifying termination of his or her employment, as described in "Employment Arrangements with Our Named Executive Officers" above.

In addition, in connection with a change in control, options granted to our named executive officers prior to our initial public offering will become fully vested and exercisable and restricted stock units granted to our named executive officers in 2019 will become fully vested if they are not assumed or substituted for by the acquirer or if the named executive officer's employment is terminated by us without cause or by the named executive officer for good reason, in either case on or within 18 months following the change in control.

The following table sets forth information concerning the compensation awarded to, earned by or paid to our non-employee directors during 2019. Mr. Markison's compensation is included with that of our other named executive officers above in "Summary Compensation Table."

In addition, the Company will grant its non-employee directors an initial restricted stock unit award in connection with each of their appointments to the board of directors with a grant date value of \$262,500, one-third of which will vest on each of the first three anniversaries of the grant date. During 2019, Messrs. Weiss and Cowan each received an annual restricted stock unit award, prorated as applicable to reflect a partial year of service, and an initial restricted stock unit award in connection with their appointment to the board of directors.

Due to certain requirements of the Irish Takeover Rules, non-employee directors who are also partners or employees of, or otherwise affiliated with, Avista or Alchem are not eligible to receive Company equity awards at this time. In March 2020, the board of directors approved an update to our director compensation program in order to provide certain non-employee directors who may be deemed to be affiliated with Avista and/or Alchem under the Irish Takeover Rules with additional cash retainers in lieu of the annual and initial restricted stock unit awards they would have been entitled to receive under this program had they been eligible to receive Company equity awards. These non-employee directors, selected by the board, will be eligible to receive (i) an additional annual cash retainer of \$175,000, pro-rated to reflect any partial year of service, which will vest upon the earlier of (x) the first anniversary of the grant date and (y) the Company's next annual general meeting of shareholders and (ii) an initial cash retainer of \$262,500, one-third of which will vest on each of the first three anniversaries of the vesting commencement date. AUDIT COMMITTEE MATTERS

Audit Committee Report

We operate in accordance with a written charter adopted by the board of directors and reviewed annually by the audit committee. We are responsible for overseeing the quality and integrity of Osmotica's accounting, auditing and financial reporting practices. In accordance with the rules of the SEC and the Nasdaq Stock Market, the audit committee is composed of members who are independent, as defined by the listing standards of Nasdaq Stock Market and our Corporate Governance Guidelines. Further, the board of directors determined during 2019 that two of our members, Mr. Cowan and Mr. Weiss, were audit committee financial experts as defined by the rules of the SEC.

The audit committee met nine times during 2019, including meetings with our Chief Financial Officer and other members of management, internal auditors and Ernst & Young LLP ("EY"), Osmotica's current independent registered public accounting firm. Four of these meetings were held prior to the public release of Osmotica's quarterly earnings announcement in order to discuss the financial information contained in the announcement.

We took numerous actions to discharge our oversight responsibility with respect to the audit process. We received the written disclosures and the letter from EY pursuant to Rule 3526, *Communication with Audit Committees Concerning Independence*, of the Public Company Accounting Oversight Board ("PCAOB") concerning any relationships between EY and Osmotica and the potential effects of any disclosed relationships on EY's independence, and discussed with EY its independence. We reviewed with EY and management their audit plans, audit scope and identification of audit risks.

The audit committee also received from, and discussed with, EY the written disclosures and other communications that the Company's independent registered public accounting firm is required to provide to the audit committee, including the matters required to be discussed by PCAOB Auditing Standard No. 16, *Communications with Audit Committees*.

We reviewed and discussed the audited consolidated financial statements of Osmotica for the year ended December 31, 2019 with management and EY. Management has the responsibility for the preparation of Osmotica's consolidated financial statements, and EY had the responsibility for the audit of those consolidated financial statements. Based on these reviews and discussions with management and EY, we voted that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2019 for filing with the SEC.

The audit committee is directly responsible for the appointment, compensation, retention and oversight of the independent external audit firm retained to audit the Company's financial statements. On April 5, 2019, the audit committee dismissed BDO USA LLP ("BDO"), Osmotica's former independent registered public accounting firm, and requested the resignation of BDO's Irish affiliate as the Company's statutory auditor. BDO's Irish affiliate resigned as statutory auditor of the Company on April 23, 2019. On April 10, 2019, the audit committee engaged EY to serve as the Company's new independent registered public accounting firm to

audit the Company's consolidated financial statements for the year ended December 31, 2019 and to provide the statutory auditor services required under Irish law. The audit committee has selected EY to continue to serve as the Company's independent registered public accounting firm for the year ending December 31, 2020.

The audit committee also pre-approves all audit services, internal control-related services and permitted non-audit services by our independent registered public accounting firm. Consistent with any applicable SEC rules on auditor independence, the audit committee may annually establish ceilings on the level of fees and costs of generally pre-approved and sufficiently defined services that may be performed without seeking additional approval from the audit committee. The audit committee may delegate pre-approval authority to one or more of its members. The member (or members) to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee at its next regularly scheduled meeting.

Our policies prohibit Osmotica from engaging our independent registered public accounting firm to provide any services relating to bookkeeping or other services related to accounting records or financial statements, financial information system design and implementation, appraisal or valuation services, fairness opinions or contribution-in-kind reports, actuarial services, internal audit outsourcing, any management function, legal services or expert services not related to the audit, broker-dealer, investment adviser or investment banking services or human resource consulting. In addition, we evaluate whether Osmotica's use of our independent registered public accounting firm for permitted non-audit services is compatible with maintaining their independence. We concluded that EY's provision of non-audit services in 2019, all of which we approved in advance, was compatible with its independence.

Audit and Other Fees

The aggregate fees that Osmotica paid for professional services rendered by EY for the year ended December 31, 2019 and by BDO for the year ended December 31, 2018 were:

	Year ended December 31, 2019(1)	Year ended December 31, 2018
Audit fees	\$ 996,000	\$ 1,989,032
Audit-related fees	—	—
Tax fees	321,367	4,758
All other fees	—	—
Total fees	\$ 1,317,367	\$ 1,993,790

(1) The Company also paid BDO \$288,247 in audit fees for professional services rendered for the year ended December 31, 2019.

Audit fees related to services rendered for the audit of the Company's consolidated financial statements, reviews of interim consolidated financial statements, review of documents filed with the SEC and services provided in connection with statutory audits of the financial statements of the Company and certain subsidiaries. Audit fees for the year ended December 31, 2018 also included fees of approximately \$1.1 million for services rendered in connection with the Company's initial public offering of ordinary shares completed in October 2018. Tax fees related to permissible services in connection with the Company's legal entity rationalization.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND AUTHORIZATION OF THE BOARD OF DIRECTORS, THROUGH THE AUDIT COMMITTEE, TO SET THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM'S REMUNERATION

Beginning in early 2019, the audit committee of the board of directors conducted a review of the selection of the Company's independent registered public accounting firm. As part of this process, the Company contacted other independent registered public accounting firms and solicited input from them on their ability to provide audit services for the Company. Specifically, the Company sought detailed information about their experience auditing other companies in the biopharmaceutical industry. The Company contacted these other independent registered public accounting firms for the audit of its annual financial statements for the year ended December 31, 2019.

On April 5, 2019, the audit committee approved the dismissal of BDO as the Company's independent registered public accounting firm and requested the resignation of BDO's Irish affiliate as the statutory auditor of the Company. BDO's Irish affiliate resigned as statutory auditor of the Company on April 23, 2019. On April 10, 2019, the audit committee engaged EY to serve as the Company's independent registered public accounting firm to audit the Company's consolidated financial statements for the year ended December 31, 2019 and to provide the statutory auditor services required under Irish law. The audit committee has selected EY to continue to serve as the Company's independent registered public accounting firm for the year ending December 31, 2020 and to provide the statutory auditor services required under Irish law.

The reports of BDO on the Company's consolidated financial statements for the years ended December 31, 2018 and 2017 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. During the years ended December 31, 2018 and 2017, and the subsequent interim period through April 5, 2019, there were no: (1) disagreements (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) with BDO on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement, if not resolved to the satisfaction of BDO, would have caused BDO to make reference to the subject matter of the disagreement in connection with its report; or (2) reportable events (as described in Item 304(a)(1)(v) of Regulation S-K), except as referenced below.

In connection with the preparation of the Company's audited consolidated financial statements as of and for the year ended December 31, 2017, the Company identified a material weakness in internal controls over financial reporting with respect to its period-end financial closing process. This material weakness related to the Company's lack of sufficient available resources in its accounting and financial reporting functions with sufficient experience and expertise with respect to the application of generally accepted accounting principles and related financial reporting to ensure that the Company identified, accumulated and timely prepared and reviewed all required supporting information to establish the completeness and accuracy of its consolidated financial statements and disclosures. As part of its audit review process, the audit committee discussed the material weakness with BDO. The Company identified and

implemented a number of actions to remediate the underlying causes of the control deficiencies that gave rise to the material weakness. Based on these actions, the Company concluded that this material weakness had been remediated by December 31, 2018. The Company has authorized BDO to respond fully to the inquiries of EY, the successor accountant, concerning the subject matter of the material weakness.

During the years ended December 31, 2018 and 2017, and the subsequent interim period through April 10, 2019, neither the Company nor anyone on its behalf consulted EY regarding either: (i) the application of accounting principles to a specific transaction, either completed or proposed; or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report was provided to the Company nor oral advice was provided that EY concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

We are asking shareholders to ratify the appointment of EY in a non-binding advisory vote. The audit committee considers the selection of EY as independent registered public accounting firm for the year ending December 31, 2020 to be in the best interests of the Company and its shareholders. In addition, we are asking shareholders to authorize, in a binding vote, the board of directors, through the audit committee, to set the independent registered public accounting firm's remuneration.

Representatives of EY are not expected to attend the Annual Meeting.

Your board of directors recommends a vote FOR Proposal 2, Ratification of Appointment of Independent Registered Public Accounting Firm and Authorization of the Board of Directors, through the Audit Committee, to set the Independent Registered Public Accounting Firm's Remuneration.

PROPOSAL 3

RENEWAL OF WAIVER OF OFFER OBLIGATIONS UNDER RULE 37 OF THE IRISH TAKEOVER RULES TO ENABLE SHARE BUYBACKS AND REDEMPTIONS

On August 29, 2019, the Independent Shareholders of the Company approved the waiver of the mandatory offer obligations under Rule 37 of the Irish Takeover Rules to enable the Company to buyback and/or redeem up to 5,251,892 of its own shares. To date, the Company has redeemed 702,182 of its ordinary shares for aggregate gross proceeds of \$2,939,438.

The approval obtained from Independent Shareholders on August 29, 2019, expires on the earlier of (i) its renewal and (ii) 15 months from the date of the approval. We are asking Independent Shareholders to renew the approval at our 2020 Annual General Meeting of Shareholders. As at the [] (the "Latest Practicable Date"), the issued and outstanding share capital of the Company was 58,898,708 ordinary shares. In order to provide the board of directors with flexibility to repurchase ordinary shares, should it decide in the future that that is the best course of action for the Company, the board of directors has decided to seek shareholder approval to purchase up to 10% of its issued and outstanding share capital as at the Latest Practicable Date, being up to 5,889,870 ordinary shares. Whether or not the Company buys back or redeems any of its shares will depend on a number of factors, including the cash position of the Company in the future. As at December 31, 2019, the Company had cash and cash equivalents of \$95.9 million.

Under Rule 37 of the Irish Takeover Rules, if any person, or persons acting in concert, control (by holding securities representing 30% or more of the voting share capital) a relevant company, and by reason of the purchase or redemption by that company of its own securities, the percentage of the voting rights in the company conferred by the securities held by that person, or any one or more of those persons, is increased by more than 0.05% in any period of 12 months, such person or, in the case of persons acting in concert, such one or more persons as the Irish Takeover Panel (the "Panel") may direct, will be obliged, unless that obligation has been waived by the Panel, to make an offer to the holders of each class of equity share capital of the company and to the holders of each other class of transferable voting securities of the company in accordance with Rule 37; provided that, where the aggregate of the voting rights in a relevant company held by a single holder of securities amounts to more than 50% of voting rights in that company, that person shall not incur an obligation under Rule 37 by reason of any increase in that percentage. The Concert Party is not regarded as a single holder for the purposes of the Irish Takeover Rules.

The Avista Funds, the Alchem Shareholders and the Management Individuals (each as defined below) constitute the Concert Party for the purposes of Proposal 3. The Avista Funds, the Alchem Shareholders and the Management Individuals are deemed to be acting in concert with each other under the Irish Takeover Rules. Together the Concert Party current holds 47,440,131 ordinary shares in the capital of the company, representing 80.5% of the total issued share capital of the Company. If the Company redeems 5,889,870 ordinary shares pursuant to the Company's Articles of Association (being approximately 10% of the Company's issued ordinary share capital) and assuming that no member of the Concert Party disposes of any ordinary shares, the total shareholdings of the Concert Party in the Company, while remaining the same in number of

ordinary shares, would increase as a percentage of the Company's issued share capital from 80.5% to 89.5%. As a result, the Concert Party or any member thereof may, if so directed by the Panel, become obliged under the Irish Takeover Rules to extend a general offer to the Company's shareholders in accordance with Rule 37, unless that obligation has been waived by the Panel.

None of the members of the Concert Party's maximum holding of securities resulting from the proposed purchase or redemption by the Company of its own securities will confer in the aggregate more than 49.95% of the voting rights in the Company.

A breakdown of each member of the Concert Party's shareholding in the Company is set out below.

Avista

Avista Healthcare Partners, L.P. ("Avista Healthcare"), Orbit Co-Invest I LLC ("Orbit I") and Orbit Co-Invest III LLC ("Orbit III") (collectively, the "Avista Funds") currently hold 21,700,785 ordinary shares (the "Avista Shares") in total representing approximately 36.8% of the Company's issued ordinary share capital. Below is a table showing the breakdown of the individual ordinary share ownership of each of the Avista Funds as at the Latest Practicable Date.

Avista Healthcare Partners GP, Ltd. ("AHP GP"), by virtue of its relationship as the general partner of Avista Healthcare, may be deemed to share beneficial ownership of the ordinary shares held by Avista Healthcare. Avista Capital Partners III GP, L.P. ("ACP GP" and together with AHP GP, "Avista" and Avista, together with the Avista Funds, the "Avista Shareholders"), by virtue of its relationship as manager of Orbit I and Orbit III, may be deemed to share beneficial ownership of the Orbit I and Orbit III. Voting and disposition decisions at each of AHP GP and ACP GP with respect to the ordinary shares held by the applicable Avista Funds are made by an investment committee, the members of which include David Burgstahler and Sriram Venkataraman, each of whom is a member of our board of directors. Each of the members of each investment committee disclaims beneficial ownership of the ordinary shares held by such Avista Fund.

AVISTA FUND	ORDINARY SHARES OWNED	PERCENTAGE OF ISSUED SHARE CAPITAL
Avista Healthcare Partners, L.P.	15,730,864	26.7%
Orbit Co-Invest I LLC	4,936,926	8.38%
Orbit Co-Invest III LLC	1,032,995	1.75%

If the Company redeems 5,889,870 ordinary shares pursuant to the Company's Articles of Association and assuming that none of the Avista Shareholders dispose of any ordinary shares, the total shareholdings of the Avista Shareholders in the Company, while remaining the same in number of ordinary shares, would increase as a percentage of the Company's issued share capital from 36.8% to 41%. As a result, the Avista Shareholders would become obliged under the Irish

Takeover Rules to extend a general offer to the Company's shareholders in accordance with Rule 37, unless that obligation has been waived by the Panel.

Altchem

Altchem Limited (a company incorporated in Cyprus) ("Altchem") and Orbit Co-Invest A-1 LLC (a limited liability company organized in Delaware) ("Orbit A-1") (Altchem and Orbit A-1 together the "Altchem Shareholders"), together, currently hold 23,677,540 ordinary shares in total representing approximately 40.2% of the Company's issued ordinary share capital. Below is a table showing the breakdown of the individual ordinary share ownership of each of Altchem and Orbit A-1 as at the Latest Practicable Date.

ALTCHEM ENTITY	ORDINARY SHARES OWNED	PERCENTAGE OF ISSUED SHARE CAPITAL
Altchem Limited	22,485,297	38.18%
Orbit Co-Invest A-1 LLC	1,182,243	2%

If the Company redeems 5,889,870 ordinary shares pursuant to the Company's Articles of Association and assuming that none of the Altchem Shareholders dispose of any ordinary shares, the total shareholdings of the Altchem Shareholders in the Company, while remaining the same in number of ordinary shares, would increase as a percentage of the Company's issued share capital from 40.2% to 44.6%. As a result, the Altchem Shareholders would become obliged under the Irish Takeover Rules to extend a general offer to the Company's shareholders in accordance with Rule 37, unless that obligation has been waived by the Panel.

Management Individuals

Brian Markison, Andrew Einhorn (including through Harpua LLC), Christopher Klein, David Purdy, Kevin Hudy (through Premier Trust, Inc., as Trustee of the Kevin Hudy 2013 Non-Grantor Nevada Trust dated September 18, 2013), Steve Squashic (through Peak Trust Company, as Trustee of the Steven Squashic 2013 Non-Grantor Alaska Trust dated September 11, 2013), Rich Buecheler, Jarret Miller and James Schaub — the "Management Individuals" currently hold 2,061,806 ordinary shares in the capital of the Company. The Management Individuals are party to a shareholder agreement relating to the Company with the Avista Shareholders and the Altchem Shareholders and consequently may be considered to be acting in concert with each of the Avista Shareholders and the Altchem Shareholders.

If the Company redeems 5,889,870 ordinary shares pursuant to the Company's Articles of Association and assuming that none of the Management Individuals dispose of any ordinary shares, the total shareholdings of the Management Individuals in the Company, while remaining the same in number of ordinary shares, would increase as a percentage of the Company's issued share capital from 3.5% to 3.9%. As a result, the Management Individuals may, if so directed by the Panel, become obliged under the Irish Takeover Rules to extend a general offer to the Company's shareholders in accordance with Rule 37, unless that obligation has been waived by the Panel.

Panel Waiver

By letter dated March 6, 2020 to A&L Goodbody (the Company's Irish counsel) the Panel has agreed to waive the potential Rule 37 offer obligations described above, subject to the following conditions:

- (a) the passing of a resolution, on a poll vote, by a majority of the Independent Shareholders of the Company to approve the maximum shareholding of the Concert Party of 89.5% as a result of the buy-back or redemption by the Company of up to 5,889,870 ordinary shares; and
- (b) the approval by the Panel of a circular to shareholders which should comply with the whitewash guidance note of Rule 9 of the Irish Takeover Rules, as appropriate. This document has been so approved.

The approval referred to in paragraph (a) above is a simple majority approval of the Independent Shareholders who vote (in person or by proxy) at the meeting.

Approval of Proposal 3 is necessary to enable the Company to buyback or redeem up to 5,889,870 ordinary shares without the Avista Shareholders, the Altchem Shareholders, and/or the Management Individuals being obliged to make a mandatory offer for the entire issued share capital of the Company not already owned.

Financial Advisor

Davy Corporate Finance, which is regulated in Ireland by the Central Bank of Ireland, is acting as financial adviser to the Company for the purposes of Rule 3 of the Irish Takeover Rules in respect of the proposals described in this proxy statement and accordingly will not be responsible to anyone other than the Company for providing the protections afforded to clients of Davy Corporate Finance, or for providing advice in relation thereto.

Recommendation

Under the Irish Takeover Rules, the board of directors of the Company is presumed to be acting in concert with the Avista Shareholders and the Altchem Shareholders. This presumption arises because the Company is regarded under the Irish Takeover Rules as an associated company of the Avista Shareholders and the Altchem Shareholders by virtue of the size of the Avista Shareholders' and the Altchem Shareholders' shareholdings in the Company. Following a submission made to the Panel on our behalf in September 2018, the Panel granted a rebuttal of this presumption insofar as it applies to director Fred Weiss who is not affiliated with the Avista Shareholders and the Altchem Shareholders (the "Independent Director").

As Proposal 3 relates to a potential mandatory offer obligation under Rule 37 which the Avista Shareholders and the Altchem Shareholders may incur, Messrs Markison, Benes, Burgstahler,

Venkataraman, Vergez and DeBiasi are not permitted to advise the Independent Shareholders on it due to affiliations with the Avista Shareholders and the Alchem Shareholders and/or their presumption of concertedness with the Avista Shareholders and the Alchem Shareholders. Accordingly, they have abstained from advising on Proposal 3. Regarding Mr. Cowan, although we continue to believe he is independent and not working in concert with the Avista Shareholders or Alchem Shareholders, as Mr. Cowan did provide de minimis consulting services to Avista in 2019 he has abstained from advising on Proposal 3.

The Independent Director, who has been so advised by Davy Corporate Finance, considers Proposal 3, which is a condition to the implementation of share buybacks and/or redemptions by the Company, to be in the best interests of the Company and the Independent Shareholders as a whole. In providing its advice on Proposal 3, Davy Corporate Finance has taken account of the commercial assessment of the directors of the Company. Accordingly, the Independent Director recommends that you vote in favour of Proposal 3. The Independent Director intends to vote in favor of Proposal 3.

Independent Shareholders

Only Independent Shareholders may cast vote on Proposal 3.

The Independent Shareholders of the Company are all shareholders of the Company **except** the Avista Shareholders and the Alchem Shareholders, and the Management Individuals.

The Independent Director recommends a vote FOR Proposal 3, Renewal of Waiver of Offer Obligations under Rule 37 of the Irish Takeover Rules to Enable Company Share Buybacks and Redemptions

In addition, each holder of an option to purchase common units of Osmotica Holdings S.C.Sp. received an option to purchase the number of ordinary shares of the Company determined by multiplying the number of units underlying such option by approximately 42.84 (rounded down to the nearest whole share) and dividing the exercise price per unit for such option by approximately 42.84 (rounded up to the nearest whole cent).

Avista and Altchem have the right, which they exercised in January 2020, to require us to file a registration statement on Form S-3. Avista and Altchem also have piggyback registration rights, such that, if we propose to register any of our shares, we are generally required to include shares that Avista and Altchem request to be included in such registration statement. 15 **CONSENT**

Davy Corporate Finance, which is regulated in Ireland by the Central Bank of Ireland, has given and has not withdrawn its written consent to the issue of this proxy statement with the inclusion of its name, its advice, and references thereto in the form and context in which they appear.

16 **INTENTIONS OF AVISTA, ALTICHEM, AND THE MANAGEMENT INDIVIDUALS**

- 16.1 Each of Avista, Altchem, and the Management Individuals are not proposing any changes to the board of directors of the Company and has each confirmed that it does not intend, following any increase in its percentage shareholding as a result of any share repurchase by the Company, to seek any changes to the business of the Company or its subsidiaries or in the manner in which the existing business is carried on or to seek any redeployment of the assets of the Company or any of its subsidiaries.
- 16.2 Each of Avista, Altchem, and the Management Individuals has also confirmed that following any percentage increase in its percentage shareholding arising from any repurchase by the Company of its shares, it is its intention that the existing employment rights, conditions of employment and pension rights of all employees of the Company and its subsidiaries will be safeguarded, and that there will be no material change in the conditions of employment of employees of the Company.

17 **GENERAL**

- 17.1 No agreement, arrangement or understanding (including any compensation arrangement) having any connection with or dependence upon Proposal 3 exists between the Concert Party, or any person acting in concert with them and any of the directors of the Company, recent directors of the Company or any of the holders or recent holders of, or any persons interested or recently interested in, relevant securities of the Company.
- 17.2 No agreement, arrangement or understanding exists whereby any shares which may be acquired in pursuance of the transaction which is the subject matter of Proposal 3 will be transferred to any other person.
- 17.3 References in this proxy statement to “relevant securities” shall have the meaning assigned by Rule 2.1 of Part A of the Takeover Rules, meaning: (i) securities of the Company which confer voting rights; (ii) equity share capital of the Company, Avista Shareholders or Altchem Shareholders; and/or (iii) securities or any other instruments conferring on their holders rights to convert into or subscribe for any new securities of any of the foregoing categories of securities.
- 17.4 References in this proxy statement to “an interest in a relevant security” or “interested in relevant securities” means a person who has a long position in a relevant security and a person who has only a short position in a relevant security shall be deemed not to have an interest nor to be interested in that security and “interests in” and “interested in” shall be construed accordingly in relation to relevant securities.

- 17.5 There has been no material change in the financial or trading position of the Company and its subsidiaries subsequent to the consolidated audited financial statements of the group for the year ended December 31, 2019 save for the financing referenced in paragraph 14.5 of this section and with respect to our generic products. We expect that, in particular, both methylphenidate ER tablets and venlafaxine ER tablets, or VERT, will continue to experience, significant pricing erosion due to additional competition from other generic pharmaceutical companies. We expect that this generic pricing erosion will result in lower net product sales, revenue and profitability from methylphenidate ER tablets and VERT in 2020 and subsequent years. Additionally, an AB-rated generic of Lorzone was approved on November 27, 2019, which may result in pricing and market share declines for the Company. As a result of these and other factors, including those related to the COVID-19 pandemic, the closing price of our ordinary shares as reported on the Nasdaq Global Select Market has decreased from \$6.99 on December 31, 2019 to \$[] as of April [], 2020.
- 17.6 The market closing price quotations for ordinary shares of the Company for the first trading day in each of the six months immediately preceding the date of this proxy statement and for the Latest Practicable Date are listed below. If there have been no dealings in the ordinary shares of the Company on any relevant day, the price quoted is the midpoint between the high and low market guide prices.

Date	Price
October 1, 2019	\$ 3.93
November 1, 2019	\$ 4.31
